Company Information

Hello everybody! My name is Wyatt Brice and I am the owner of DJ Man Entertainment. I started up this company over seven years ago, and we have been growing fast and providing services for any occasion or event in Arizona. I am here to tell you, if you want the best deejays then please try us out, you will not be disappointed. I have hand picked and trained only a few deejays so I know they will perform with the same precision that I would. I want this company to be big enough to service you but small enough to provide a personalized touch to every event.

We offer many different systems to make your event perfect for you, from sound activated lighting to video projection systems and more. If you are worried about the music, so am I. The music is the most important part of an event, because if people do not like the music the entire night could be ruined. That's where DJ Man Entertainment excels, we guarantee to have any music requested in writing before the event and we will also take requests at the event.

I want everyone to be completely satisfied when they hire DJ Man Entertainment, because a good recommendation from the client is the best tip I could ever receive.

DJ MAN ENTERTAINMENT

Custom Event Planning

DJ Man Entertainment has the choices to fit any occasion. Let us sit down with you free of charge to discuss options to make your wedding what you always dreamt it would be.

Professionally Hosted Events

Don't be stuck with a DJ that has high prices and inferior equipment. You can be confident that when you hire DJ Man Entertainment, the event will be handled professionally. Our DJ family is handpicked and personally trained.

Sound Systems

Our library contains over 20,000 songs from all genres. We go the extra mile to obtain any special requests you make before the event. We have multiple systems to tailor to your event. Additional systems are available just for the wedding ceremony formalities.

Light Shows

Our custom light shows can include: colored dance lights, strobe lights, special effects dance lighting, computer controlled lights, and fog machines. All are housed on trussing, which will be sure to keep the guests dancing for hours.

Video System

This is by far one of the top video displays and shows in the state of Arizona! Don't settle for a small video screen when you want a professional show that all your guests can't stop talking about. We have a 10 ft by 10 ft screen that can extend vertically 20 ft. This screen can be front or rear projected so no matter what your needs are we have them covered.

WE ARE AFFORDABLE

Whether it's a party in your backyard, birthday, school dance, wedding, anniversary, etc, we provide you an affordable price for professional entertainment. Prices start out at \$125 per hour, which includes a full sound system.

Priorities

Your guests may not remember the food, drinks, or decorations. But they will remember the good (or bad) time they had.

The disc jockey is the person who can make or break your entire event. Take your time selecting the DJ because the DJ will have one chance to do the show right. There is no second opportunity to do it over again. A quality and professional DJ, like DJ Man Entertainment, can make your night magical.
