- ◆ Refer a friend and receive \$50 cash or \$75 off your next event

Some restrictions apply, please ask for more details.

We Are Affordable

We provide you an affordable price for *professional* entertainment. Prices start out at \$150 per hour, which includes a full sound system.

Wedding Budget

The average wedding budget in the US has been over \$20,000 for several years. On average that means the disc jockey only accounts for approximately 3% of the total budget.

Custom Event Planning

DJ Man Entertainment has the choices to fit any occasion. Let us sit down with you free of charge to discuss options to make your wedding what you always dreamt it would be.

Professionally Hosted Events

Don't be stuck with a deejay that has high prices and inferior equipment. You can be confident that when you hire DJ Man Entertainment, the event will be handled professionally. Our DJ family is handpicked and personally trained.

Sound Systems

Our library contains over 20,000 songs from all genres. We go the extra mile to obtain any special requests you make before the event. We have multiple systems to tailor to your event. Additional systems are available just for the wedding ceremony formalities.

Light Shows

Our custom light shows can include: colored dance lights, strobe lights, special effects dance lighting, computer controlled lights, and fog machines. All are housed on trussing, which will be sure to keep the guests dancing for hours.

Video System

This is by far one of the top video displays and shows in the state of Arizona! Don't settle for a *small* video screen when you want a professional show that all your guests can't stop talking about. We have a 10 ft by 10 ft screen that can extend vertically 20 ft. This screen can be front or rear projected so no matter what your needs are we have them covered.

What's Your Priority?

Some couples will actually pay more for a vegetable tray or cake than they pay for their DJ. Unfortunately your guests may not remember the food, flowers, wine and many never see the pictures, but they will remember the good (or bad) time they had. With a night hosted by DJ Man Entertainment the guests are guaranteed to remember what a great party your reception was.

The disc jockey is the person who can make or break the entire wedding. Couples should take as much time and effort in selecting the DJ as they do in selecting the wedding dress. The DJ will have only one chance to do the show right.

A quality and professional, like DJ Man Entertainment, can make your night magical.

The reason couples choose a DJ is because the selection of music a DJ can play spans across all ages and tastes. Aside from the music, DJ Man Entertainment will also act as Master of Ceremonies to help maintain proper flow of the reception. Let us help coordinate reception events, such as; first dance, wedding toast, cutting of the cake, tossing of the bouquet and garter.
